EXPERIENCE

PIKKAT QTA

Jun 2024 – Aug 2024

Data Analyst Intern

Jakarta

- Pioneered and implemented data analytics models using Microsoft Excel, improving data processing efficiency by 50%.
- Conducted exploratory data analysis on datasets with over 30,000 SKUs and developed automated web-crawling scripts for product information extraction across multiple e-commerce platforms, reducing operational overhead by 5x.
- Developed a dashboard using Streamlit to double the effectiveness of sales monitoring, optimize inventory management, and enhance revenue analysis.
- Initiated a proposal of interest about Google Cloud Platform to enable fully scaled professional and durable proprietary platform

SIMIAN Technologies

Jul 2023 – Aug 2023

Data Management Intern

Jakarta

- Optimized statistical time-series analysis with Python and SQL to forecast annual yields and detect potential fraud by 30%.
- Designed HTML codes for BTPNS (Bank Tabungan Pensiunan Nasional Syariah) to support front-end development for credit scoring.
- Collected metadata for credit-scoring use cases using ETL processes in Talend Open Studio, ensuring high-quality datasets for advanced analytics.

PROJECTS

AWS Powered Tetris (Tetris Game Controlled by Hand using Computer Vision)

Jan 2025 - Feb 2025

- Developed an interactive Tetris game leveraging React, Flask, and OpenCV for real-time computer vision hand tracking.
- Utilized Docker containers deployed on AWS ECS with AWS CloudFormation, AWS Fargate, and AWS RDS to ensure scalability and robust performance.

Computer Vision algorithm for Sign Language Hand Detection

Jan 2024 – Feb 2025

- Collaborated in a team of four to create a sign language educational game that allows users to complete words via American Sign Language gestures.
- Built a cognitive and human disability friendly games. Work alongside better.sg to build an inclusive platform for broad community reach.
- Tech stacks include Python, OpenCV, Google Teachable Machine, tkinter, GitHub flow.

Online Store Sales Analysis and Profit Forecasting (Business Analytics Project)

March 2024 – April 2024

- Applied business analysis technique in Tableau to generate clear, actionable dashboards for sales performance evaluation.
- Present prominent sales key insights and actionable recommendations that maximize profit margins and streamlined decision-making processes.
- Combined Python and Microsoft Excel for data cleaning, consolidation, and advanced analytics.

E-commerce Sales and Marketing Analyses (Machine Learning Project)

Feb 2024 - March 2024

- Conduct regression and classification analyses to identify optimal machine learning models for predicting sales in two E-commerce datasets.
- Identified high-value customer segments using PCA and clustering techniques to maximize revenue from both existing and potential markets.
- Deployed solutions using RStudio, Python, Microsoft Word, Microsoft Excel

SKILLS

Technical: Python, R, SQL, React, React Native, HTML, CSS, Tkinter, Flask, Excel VBA.

Tools: AWS, Google Cloud, Tableau, Power BI, Docker, GitHub, Figma, Excel

Language: English and Bahasa Indonesia (Bilingual), Malay and Chinese (Basic)

Certifications: AWS Machine Learning (Specialty); AWS Solution Architect (Associate); Tableau Data Analyst (Professional); Bloomberg Market Concept; Harvard CS50 AI; MIT-IDSS Data Science and Machine Learning.

Achievements: Winner Top 8 Teams NUS Hack&Roll 2024, Top 10 MIT IDSS Data Science Hackathon (September 2023 batch)

EDUCATION

Singapore Institute of Management (SIM) – University of London (London School of Economics)

Sept 2022 - July 2025

Bachelor of Science in Data Science and Business Analytics (Honors)

Singapore

Honors: Winner NUS Hack&Roll 2024 (NUS Computing) – Top 8 Teams, Offered GoTo Data Science Intern (2024)

PENABUR Senior High School

Aug 2019 - May 2022

Science Stream, Valedictorian

Indonesia

Honors: Admitted to Universitas Indonesia (UI). Ranked among the top 10 of over 300 graduates. Indonesia’s UTBK SMP highest achiever (2019)

LEADERSHIP

Singapore Institute of Management (SIM) Student Ambassador

Jan 2024 - Present

Campus Tour Representative & Event Volunteer

Singapore

Tzu Chi Collegiate Association

Aug 2022 - Present

Beach Cleaning Game Master & Disaster Relief Volunteer

Singapore
